Hi-Lo Gauge  
(430)  
Pipeswizard®  
CE

Precision  
measurement of  
the weld gap

Measurements  
obtained in  
seconds

Choice of  
imperial or  
metric gauge

Model No.	Description	Est. Shipping Wgt.
430	Hi-Lo Gauge	2.4 oz. .05 kg

### **30 Seconds (or less!) Sales Statement:**

The Pipeswizard® Hi-Lo Gauge is available in two sizes; imperial and metric. The Hi-Lo Gauge will measure the inside hi-lo, and can be left in place while the welder makes any necessary adjustments or reforms the pipe using a Sawyer external clamp. The gauge can also be used to measure the weld gap, to minimise weld rejections.

Parts Diagram

- A. Tightening Screw
- B. Measurement Indicator
- C. Aluminum Body
- D. Internal Grip Hooks
